Dear Friends,

CMAI holds National Conferences to strengthen Christian fellowship among sectional members. Over the years, these conferences not only helped us to update professional knowledge but also made us spiritually strong. Each year our national conference has improved in its content and the number of participants as well. We have had excellent speakers who are experts in the field of leadership development and hospital management. This year too we have eminent speakers who have rich experience in their respective fields. I invite you to make use of this opportunity and join us for a time of fellowship at the serene ambience of Shimla, one of the beautiful hill stations in India.
