## **The Schieffelin Institute of Health - Research and Leprosy Centre (SIHR & LC), Karigiri, Vellore invites applications from qualified persons for the post of:**

### ➤ **DIRECTOR**

The selected person will take charge from January 2008 but will be chosen at least three months ahead to prepare as Director-designate.

This is a top-administrative post requiring challenging skills in the wide arena of managing a specialist hospital. SIHR & LC is an internationally reputed institution serving the cause of leprosy in terms of multi-speciality services, training, research and rehabilitation. It has over 250 staff, attracts 1,00,000 outpatients and 2,500 inpatients annually and provides preventive, promotive and rehabilitation services for a population of 3,00,000.

The applicant should:

- hold a medical postgraduate degree with at least 10 years of experience in leprosy or related fields
- be a committed Christian with 10 years of senior administrative and managerial expertise
- have made a significant contribution as evidenced by reports and publications

A person with a challenging vision about leprosy, other infectious diseases, immunology, rehabilitation or occupational or trauma-related disabilities or other disabling disorders and wide experience organising community programmes will be given weightage.

Experience of international collaborative research and training or project management and liaising with external bodies is desirable.

**Age:** Preferably between 45 and 60 years.

The incumbent will initially be appointed for 5 years subject to mid-term evaluation.

Salary will be based on qualification and experience.

The incumbent will be required to reside in the campus.

**Apply in confidence with names of three referees and complete bio-data and other supporting documents to:**
