WE HAVE THE CAPACITY, HOSPITALS, NETWORK, DOCTORS, NURSES, PAN-INDIA PRESENCE, EXPERIENCE WITH PRIVATE AND PUBLIC PARTNERS. TODAY, WE NEED YOUR SUPPORT.

OUR OBJECTIVES AND PURPOSES

DIRECT HEALTH CARE: Prevention and relief of human suffering irrespective of caste, creed, community, religion and economic status.

DISASTER RELIEF: Rendering of help in calamities and disasters.

HEALTH PROMOTION: Promoting knowledge of the factors governing health

EDUCATION & CAPACITY BUILDING: Coordinating training of doctors, nurses, paramedical workers and others involved in the ministry of healing.

ENGAGING WITH CHURCH, GOVT AND OTHER LIKE-MINDED ORG: Implementing schemes for comprehensive health care and community welfare.
CMAI members are 270 Mission Hospitals in the peri-urban and rural areas of the country as well 10000 Health Professionals. Wherever there is a health need, CMAI is present.
- Triaging of symptomatic patients.
- Quarantine of persons who traveled to areas where numbers of patients are high. Some beds should be set apart and prepared for creating isolation facilities in every public and private hospital.
- All hospitals should mobilize additional resources including masks, gloves and personal protection equipment.
- Health-care professionals should be trained in Infection control and Use of PPE
- Care of affected persons and care in emergency situations
- Hospitals must procure sufficient numbers of ventilators and high flow oxygen masks in preparation for future requirements.
- All hospitals must ensure that they have adequate trained manpower and resource pools for ventilator/ ICU care.
- CMAI hospitals provided relief during recent floods in coastal districts recently and in the past
- Providing health care to the vulnerable and marginalized.
- CMAI has trained health personnel in government and private sector to provide quality care for those with HIV, TB, Malaria, Leprosy.

**CMAI Experience in Emergencies**

- Present across the country
- Able to work with public and private partners.
- Hospitals in areas where the marginalized and vulnerable populations are.
- Experienced in community education and BCC.
- Ability to document and share experiences.
- Experienced in the area of monitoring.

**CMAI Advantages**
What CMAI can offer during the COVID-19 Pandemic

- Hospitals in the CMAI network are able to provide care for those afflicted at various levels
- Isolation services
- Medical services- including for those severely afflicted and need high quality care.
- Care for those with other medical needs apart from the COVID-19 pandemic.
- Training of health care staff.
- Community Support

**IMMEDIATE INTERVENTION**

- Over 90 Hospitals which has 10500 beds & 750 ICU beds*
- 1000+ Isolation Beds for Suspected Covid cases
- Around 100 Ventilator beds for Covid Cases
- Training for healthcare workers
- Awareness in the Community

*Total Beds in the hospitals for Covid and Non Covid Patients
Challenges faced by CMAI Network hospitals

- Lack of PPEs for the healthcare professional
- Reduced hospital income due to Lockdown
- Local suppliers either unable to supply or asking for exorbitant price
### Urgent Requirement of CMAI Network hospitals
